### Unisem Honored with Multiple Customer Service Awards from Diodes

**Kuala Lumpur, 20 May, 2009** – Unisem recently received multiple customer service awards from its customer Diodes Inc. Unisem's Ipoh factory received an award from Diodes for **Best Performance of the Year for 2008**. "On behalf of Diodes-Zetex management, I would like to take this opportunity to thank Unisem and present this award for your excellence in 2008, emerging as the best subcon in our performance ranking program", stated Shiv Kumar of Diodes.

Additionally, Unisem's J.M. Chee received an award for **Outstanding Planning Support** and J.Y. Looi received an award for **Outstanding Test Engineering Support**.

Diodes Incorporated is a leading global manufacturer and supplier of high-quality, application-specific standard products within the broad discrete and analog semiconductor markets, serving the consumer electronics, computing, communications, industrial and automotive markets.

Diodes' products include diodes, rectifiers, transistors, MOSFETs, protection devices, functional specific arrays, power management devices including DC-DC switching and linear voltage regulators, amplifiers and comparators, and Hall-effect sensors..
