### **Unisem Receives Supplier of the Year Award from TriQuint Semiconductor, Texas**

**Kuala Lumpur, 7 August, 2009** – Unisem recently received the Supplier of the Year award for 2008 from its customer TriQuint's Texas operations. The award recognizes overall performance to TriQuint including innovation, operational excellence, service levels, and industry leadership. This award was presented by TriQuint's VP of WW Operations Steve Grant and Director of Supply Chain Matt Kaye to Unisem's VP of WW Business Development and Marketing Mike Griffin and Gil Chiu, VP of North America Business Development.

TriQuint Semiconductor designs, develops and manufactures advanced high-performance RF solutions with Gallium Arsenide (GaAs), Gallium Nitride (GaN), Surface Acoustic Wave (SAW) and Bulk Acoustic Wave (BAW) technologies for customers worldwide. TriQuint is a leader in market diversity serving customers in mobile handsets, 3G and 4G cellular base station, WLAN, WiMAX, GPS, defense and aerospace markets.
