Unisem Europe Limited (“Unisem Europe”) received Excellence Service and Support Award from Innova Card

Crumlin, 14 February, 2007 – Unisem Europe received the “Excellence Service and Support Award” from its valued customer Innova Card, a provider of secure hardware and software solutions for trusted terminals. This award recognizes excellence in the support Unisem has provided during the critical stage of Innova Card’s new product introduction of its USIP-Pro device.

Presenting the award to Unisem Europe was Mr David Graziani, CEO of Innova Card. “We appreciate the support of the Unisem Europe team over the last year during the critical growth phase of our business, and in strong competition from IDMs,” said Mr David Graziani. “Unisem’s strong support, focus and responsiveness has enabled Innova Card to be in a strong position to bring our new products to market rapidly and to maintain a leadership position.”

Receiving the award, Unisem Europe’s General Manager, Mr Salem Belmeguenai, commented “We are delighted to receive this award from Innova Card, it is a full endorsement of our business model in Europe; to support emerging technology companies such as Innova Card and provide that vital assistance to get them to mass production. It is also an excellent reflection of the team we have in place both in Wales and within the Unisem Group”.

About Innova Card www.innova-card.com

Founded in 2002 in France, Innova Card develops and markets complex Systems-on-Chip and secure hardware and software solutions for a variety of trusted terminals (EFTPOS, PINPAD, smart card readers, etc.) and applications (payment, healthcare, transportation, tax control, etc). Innova Card’s solutions are based on USIP® Professional IC, the most secure and integrated platform (EMV and PCI PED compliant). Innova Card is the only company that offers global solutions to support terminal manufacturers from the design to the production and achieves with its technology an advanced security level.
