Unisem received Supplier of the Year Award from Power Integrations, Inc.

Kuala Lumpur, 28 February, 2007 – Unisem received the “Supplier of the Year Award” from its valued customer Power Integrations, a leading supplier of high-voltage analog integrated circuits (ICs) used in power conversion, for its outstanding performance during 2006. This award recognizes excellence in overall performance, yield, cycle time, responsiveness and cost of ownership.

Presenting the award to Unisem was Mr Tom Roesler, Operation Director of Power Integrations, “We appreciate the support of the Unisem team over last year and I am delighted to have Unisem as a key partner,” said Mr Tom Roesler.

Receiving the award, Unisem’s Senior Vice President/Chief Operating Officer, Mr CS Ho commented, “We will strive to improve this partnership further and increase the business we have with Power Integrations.”

About Power Integrations www.powerint.com

Power Integrations is the leading supplier of high-voltage analog integrated circuits used in power conversion. The company's breakthrough integrated-circuit technology enables compact, energy-efficient power supplies in a wide range of electronic products, in both AC-DC and DC-DC applications. The company's EcoSmart® energy-efficiency technology, which dramatically reduces energy waste, has saved consumers and businesses around the world more than an estimated \$2 billion on their electricity bills since its introduction in 1998.

About Unisem www.unisem.com.my

Unisem (M) Berhad, a leading semiconductor packaging and test services company in Malaysia, has its main packaging and testing facilities in Ipoh, Malaysia with additional packaging and testing facilities in Wales, United Kingdom. Unisem offers an integrated suite of packaging and test services for semiconductor companies such as wafer probe, a wide range of leadframe and substrate IC packaging, high-end RF and mix-signal test, tape & reel and drop-shipment services.
