Unisem Receives 2017 Supplier of the Year Award from Power Integrations

Ipoh, Malaysia, March 2018 – Unisem recently received the 2017 Supplier of the Year Award from its strategic customer Power Integrations. The award was presented by PI’s VP of Operations Raja Petrakian to Unisem’s HL Lee and CS Ho. Mr. Petrakian congratulated the Unisem team for “excellent performance in 2017” and their “strong support on PI business”.

Power Integrations, Inc., is a Silicon Valley-based supplier of high-performance electronic components used in high-voltage power-conversion systems. Our integrated circuits and diodes enable compact, energy-efficient AC-DC power supplies for a vast range of electronic products including mobile devices, TVs, PCs, appliances, smart utility meters and LED lights.

About Unisem

Unisem is a global provider of semiconductor assembly and test (OSAT) services for many of the world's most successful electronics companies. We offer an integrated suite of packaging and test services such as wafer bumping, wafer probing, wafer grinding; a wide range of leadframe and substrate IC packaging; wafer level CSP; and RF, analog, digital, and mixed signal test. Our turnkey services include design, assembly, test, failure analysis, and electrical, mechanical, and thermal characterization and modeling. The company has factory locations in Ipoh, Malaysia; Chengdu, People's Republic of China and Batam, Indonesia. Unisem is headquartered in Kuala Lumpur, Malaysia.
